MEMORANDUM FOR:  Chairman, USIB Security Committee

SUBJECT : Compartmentation Subcommittee -
Progress Report for Fiscal Year 1975

1. This is in response to your request made at the 10 June 1975 meeting of the Security Committee, that Subcommittee Chairman submit summaries of their activities and progress during the fiscal year:

2. The Compartmentation Subcommittee was established and held its first meeting on 4 December 1974. During the nine meetings it has held to date, the Subcommittee's principal preoccupation has been the preparation of revisions to DCID 1/7, subject: Control of Dissemination of Intelligence, and DCID 1/14, subject: Uniform Personnel Security Standards and Procedures Governing Eligibility for Access to Sensitive Compartmented Information. The Subcommittee completed its work on both of these tasks, and its results are presently undergoing higher review. At its ninth and latest meeting, the Subcommittee began consideration of its role in resolving problem areas related to the security of sensitive compartmented information--thereby, hopefully, defining a course of action for future Subcommittee business. The Subcommittee was also instrumental in the publication of revised duty and travel restrictions related to Cambodia, Laos and South Vietnam, and applicable to individuals provided access to sensitive compartmented information.
